## Church History

In June 2014, Pastor McKnight was guided by the Holy Spirit to visit the Grand Prairie Chamber of Commerce wherein he encountered the President of the Chamber, Lynn McGinley. She informed him that she too had been led to "offer" the use of the chamber building for God's teaching. It was at that time that Pastor McKnight began conducting Bible Study classes.

Each week as word spread about the classes and the teaching by Pastor McKnight, the classes continued to grow. As a result, Pastor McKnight entered into negotiations with the Chamber to utilize the building to conduct Church Service. On Sunday, September 14, 2014, the New Life Bible Fellowship Church held its Inaugural Worship Service.

In January 2015, God blessed the New Life Bible Fellowship Church to sign a lease to purchase agreement on our current church building located at 2202 San Antonio Street, Grand Prairie, TX. The building underwent major renovations beginning in February, 2015. With a capacity crowd in attendance, we, held our first service at the new location on Palm Sunday, March 29, 2015. In the first 7 months, under the visionary leadership of Pastor McKnight and a cadre of leaders, our church has been blessed to initiate 12 ministries, acquire a church van, implement improved technological enhancements, establish an influential social media presence and establish a vision team comprised largely of layman members and church officers to assist in furthering the visionary movement of our church. New Life Bible Fellowship Church continues to grow, with the addition of new members weekly.

## What is Partners 360°

The name is important. The "Partners" portion is easy - New Life Bible Fellowship is a collective body in Christ. The ministry would not exist without the support and participation of our members, community or business partners.

An effective ministry is one in which the members, community and businesses partner with the leadership to build God's kingdom. Therefore, we use the term "partners" to emphasize the ownership we all have in this ministry. Remember, together WE are the church!

Three hundred and sixty (360) is the number of degrees in a circle. A circle signifies infinite unity. There is no break in a circle - no obvious beginning or end.

We, as a church family, are unified in this same manner. So "Partners 360°" signifies our unbreakable unity, as partners in Christ and in this new movement for change.

We encourage your business to become a part of the Partner360° movement!
